

TRUMAN CANCELS CALL FOR TAX INCREASES

GOV. LAUSCHE ISSUES NEW CLUB WARNING

Illegally Operated Night Spots To Be Closed; Mounds Club Raided

COLUMBUS, July 11.—(AP)—Illegally operated nightclubs were threatened by Gov. Frank J. Lausche today with an attack mounting "every power the state possesses."

State liquor agents had hardly completed their reports yesterday on a raid on the sleek Mounds club in Lake county before the governor let loose his blast.

He said that "regardless of what the legislature does," he would fight to "drive out of existence" night spots not abiding by the law.

Mentions District Spot

Specifically, he mentioned the Pettibone club in Geauga county, the Jungle Inn in Trumbull county, the Benore club in Lucas county and the Continental club in Lawrence county.

"We will find out if they are paying their premiums to the workmen's compensation law and the unemployment compensation law and whether they are abiding with fire safety and restaurant cleanliness laws," the governor asserted.

In addition, he threatened, the state public utilities commission will be used to stop services to the clubs. The state highway patrol will check the driver's licenses of automobiles parked at the taverns under investigation.

Four employees were arrested in the Mounds club raid late Saturday night. Although notorious for years as a sleek gambling spot, the club never before experienced a raid that resulted in arrests.

Led by state liquor enforcement Chief Anthony A. Rutkowski, eight agents entered after a 15-minute delay at the door and found more than 500 patrons, but no gambling.

Finds Bottles

Rutkowski said they did find, however, a bottle of cognac, 32 bottles of wine, a partly-filled bottle of rum, smashed whiskey glasses and "the making" for drinks.

The enforcement chief said he believed the club kept a store of liquor elsewhere and brought it to the club in small quantities.

While his men waited outside with the search warrant, he said, the sound of bottles being broken could be heard.

Arrested were Tom Farley, about 50, who said he was the club manager; Emil Rehart, a bartender, and Norman Petite

President's Advisors Fear Labor Troubles May Cloud U.S. Picture

By CHARLES H. HERROLD

WASHINGTON, July 11.—(UP)—President Truman's economic advisers said today the nation faces "a crucial testing" of labor relations in the second half of 1949. They warned that industry-wide strikes would "darken the business outlook."

The advisers in their report to

Truman urged that labor and management "strive to work out adjustments" in the basic mass-production industries, "bearing in mind the need both for holding business costs down and for maintaining consumer purchasing power at high levels."

Their report was released as the government sought to head off a steel strike which could start Saturday.

Leaders Meet

* Federal Mediation Chief Cyrus Ching, reportedly under White House orders to avert a steel strike at any cost, scheduled a meeting later in the day with industry and union representatives to try for a settlement of the contract dispute.

Truman's advisers expressed concern over a possible deadlock in negotiations in basic industries.

"While a still very high cost of living encourages a determined attitude on the part of labor, the uncertain business situation encourages an equally determined attitude on the part of management," they said.

"Should industry-wide strikes result, they would not merely reduce the spending ability of the directly affected workers but would also spread loss of production and income to other areas and thus darken the business outlook."

Hikes Average 5 and 10

The advisers noted that wage increases in the first half of the year, averaged between five and 10 cents an hour, plus health, welfare and retirement programs and additional paid holidays. But,

CHIANG, QUIRINO RULE OUT ARMS

BAGUIO, Philippines, July 11—(AP)—Military aid was ruled out today in discussions between Generalissimo Chiang Kai-Shek and President Elpidio Quirino on setting up Pacific front against China.

The policies to be reviewed, unidentified in the communiqué, presumably would include such bilateral deals, dollar purchase cuts, and possibly United States tariffs which many Englishmen claim keep this country from earning dollars.

The whole British commonwealth will sift its financial policies in a conference starting here Wednesday.

STEEL CRISIS IN WASHINGTON TODAY

WASHINGTON, July 11.—(AP)—

The steel labor crisis swept into Washington today in its rush toward a possible nationwide strike Saturday.

Seeking to avert a vast steel shutdown, Cyrus S. Ching, 6-foot-7 director of the Federal Mediation & Conciliation service, prepared to hash over the dispute with both sides this afternoon.

He invited to the conference Philip Murray, president of the CIO United Steel workers of America, and officials of several large companies including the pace-setting United States Steel Corporation.

Before the negotiations began, the two-day old talks which brought the Chinese Nationalist leader from his Formosa retreat to Quirino's summer capital, a communiqué last night hinted that the proposed Pacific union was the No. 1 topic.

No Military Means

An informed source, however, said that, banded together, countries of the western and southwest Pacific could help each other politically and economically. But these nations, it was felt, do not have the armed might to justify a mutual military assistance pact.

A spokesman declared at Midday that the conversations were "progressing very well." The question of economic collaboration was explored at the morning session.

Earlier, another source said it had been agreed tentatively that the Philippines, Nationalist China and American-occupied South Korea should initiate the anti-Red front. Then invitations would be extended to such neighbors as Siam, Indonesia, India, Australia and New Zealand.

Chiang, with a party of 14, came by plane yesterday. He has set up his headquarters on Formosa since "retiring" as president of China. Chinese Communists now occupy much of the country he ruled so long.

Quirino told newsmen he gathered from private talks with Chiang that the Generalissimo intends to return to Formosa and fight on as best he can against the Communists.

One of Chiang's advisers, former Information Minister Shen Changhuan, indicated the question of Japan's participation in the Pacific alliance was "out of the picture for the time being."

SALEM MAN HONORED. Harmon E. Zepernick (left) of Salem, newly-elected commander of the 10th American Legion district of Ohio, receives congratulations from the retiring commander, Randall Buchanan (right) of Steubenville, while the new vice-commander, Ellis Jeffrey (center) of West Salem looks on. The election was part of the district's annual convention over the weekend in East Liverpool. Zepernick was vice-commander and Jeffrey was commander of division 1 of the nine-county area.

Salem Couple Among 12 Hurt During Legion Parade

EAST LIVERPOOL, July 11—

Only one remained in City hospital today out of 12 stunned or burned when an aerial bomb missed a crowd of spectators at a parade that concluded the 10th American Legion district's two-day convention Sunday.

Mr. William Glover, 34, who suffered arm burns, cuts and bruises and possibly fractured ribs, will be X-rayed today and the probably released.

His husband received slight face burns and two of their three children, Bill, 11, and John, 7, were treated for contusions. A daughter, Doris, 13, was frightened but unharmed.

Senate Couple Treated

Others treated and released were: Paul F. Crawford, 48½ E. Seventh st., Salem, forearm burns, and his wife, wrist burns; John Everhart, 33, possible ear injury, his wife, Geraldine, 32, face and arm burns, and their daughter, Janet Lee, burns to leg and lacerations; Mrs. Crosby Betz, 53, arm and lip burns; Mrs. Hazel Shentz, burns to elbow and arm, and Mrs. Lillian Palmer, shock.

Some 10,000 spectators lined the business district streets for the parade which came as a near tragic climax for the nine-county meeting of some 1,000 Legionnaires and their wives.

The bombs were being fired from the Columbian county 40-and-8 society's "French boxer," but instead of going up about 1,000 feet and exploding, the "dud" popped out of the mortar and landed at the curb in front of a group of spectators.

Its fuse sizzled for a few seconds and exploded as the frightened parents and children pressed backwards. Several were knocked down by the blast and some were struck by flaming fragments of the orange-shaped pyrotechnic.

Two ambulances took the most stunned to the hospital only two blocks away and others walked to the emergency room for examination.

The mishap occurred near the windup of the parade, which started an hour late because of the convention business in which new district officers were elected by representatives of 54 posts out of the 79 in the district.

Zepernick, Critchfield Named

Harmon E. Zepernick of E. Seventh st., Salem, was elevated to commander, succeeding Randall L. Buchanan of Steubenville.

Zepernick, who defeated Clifford Bellknap of Dellroy and William Kahr of North Canton, was succeeded by Ellis Jeffrey of West Salem, who was Division I commander.

New commanders of the divisions, each made up of three counties, are Norman L. Farwick of Canton, No. 1; Lyle Taylor of West Lafayette, No. 2, and Milton Critchfield of Salem, No. 3.

The delegates heard three can-

CAR LEAVES ROAD, KILLS LONE DRIVER

Poland Man Is Victim On Western Reserve Road: Four Are Hurt

One person was killed and four others injured in a series of four accidents on district highways over the weekend, the Salem state highway patrol reported.

Arthur W. Painter, 45, of R.D. 1, Poland, was killed when his car left the road and overturned at 10:45 p.m. Saturday on the Western Reserve road, one-half mile east of the junction of Route 164.

There were no witnesses to the accident. Painter died of a fractured skull, after being rushed to South Side hospital, Youngstown. Police said he was evidently thrown into the back seat of his 1941 Cadillac.

The top of the car was badly battered.

The accident was investigated by Mahoning county deputies.

Hits Guard Rail

Another lone motorist, Robert L. Dungan, 17, of Minerva, was injured when his car skidded and hit a guard rail on Route 9, two miles north of Hanoverton, at 9:10 p.m. Saturday.

The heavy rain made the highway slippery.

Dungan suffered head bruises and his car was badly damaged.

A car driven by Ross L. Hamer, 57, of Cleveland rolled over the center of the highway on Route 14, one mile east of Washington, at 5:40 p.m. Saturday.

Hamer was unhurt, but his wife, Irene, 50, suffered contusions of the side and chest and possible fractured ribs. She was brought to Salem City hospital.

Two were hurt in an accident on Route 62, one mile east of Westerville, at 2:35 a.m. Sunday.

**Cripps Cutting Of Items
For Britons Will Hurt Now**

LONDON, July 11—(AP)—Sir Stafford Cripps' statement on the dollar crisis means to Britain's man in the street longer queues and thinner rations—especially in smokes and gasoline.

Long accustomed to shortages and restrictions, he found no cheer in the order from the chancellor of the exchequer for a drastic cut in imports from outside the sterling area.

The pinch in smokes will likely come within three or four months, it was predicted here, as a result of curtailment of purchases from the United States. Auctions in the American tobacco states start in August and instructions to British buyers are now in preparation.

Board of trade experts said it "was logical to expect" that orders for Turkish tobacco—to be paid in sterling—would be expanded to fill the vacuum left by reduced shipments from across the Atlantic. But British smokers have a preference for American (called Virginia here) tobacco that may be hard to change.

Third Behind

During the first five months of this year tobacco imports from America were third in volume and value behind those from Turkey (sterling) and Canada (dollars).

British motorists predicted another rap in their ration of gasoline in connection with Cripps belt-tightening scheme. The basic ration of 90 miles per month for pleasure driving—plus a 50 per cent bonus for the summer months only—appeared safe until November. But after that time the many drivers fear a sharp reduction or complete elimination

**TRUMAN PROGRAM
OUTLINED BRIEFLY**

WASHINGTON, July 11—(UP)—Here is President Truman's own summary of the actions he wants congress to take for the nation's economic health:

In summary, I recommend that the congress take the following actions at this session because of their vital importance in the current economic situation:

1. Repeal the tax on the transportation of goods, liberalize the provisions for carry-over of losses by corporations, and raise estate and gift taxes. No major increase in taxes should be undertaken at this time.

2. Extend the maximum time limit now fixed by law on the maturity of loans to business made by the Reconstruction Finance Corporation.

3. Provide for broad study of investment and development needs and market opportunities in an expanding economy.

Improve Farm Supports

4. Adopt an improved program of farm income supports.

5. Increase the minimum wage to at least 75 cents an hour and broaden its coverage.

6. Strengthen the unemployment compensation system by increasing the amount and duration of benefits and extending coverage.

7. Extend to July 15, 1950, the availability of readjustment allowances for veterans not protected by state unemployment compensation laws.

8. Raise benefits and extend coverage under the old-age and survivors insurance system and

improve the public assistance program.

9. Enact legislation to permit federal agencies, and assist states and localities, to intensify their advance planning and to acquire sites for usefulness.

10. Enact legislation to provide technical assistance to under-developed areas abroad and to encourage investment in such areas.

11. Restore the Reciprocal Trade Agreements Act.

COLUMBIANA

The fifth annual horse and pony show, sponsored by the Columbian Saddle and Bridle club, will be held Sunday, July 17, 1:30 p. m., at the Firestone park. A class will be open for every horse or pony in the district.

Trophies will be donated by district businessmen.

The 100 per cent class of First Presbyterian church will hold a coverdish dinner at Firestone park at 6 p. m. Tuesday. The committee in charge is Randall Justice and Kenneth Starr.

Clarence Enberg, S. Main st. ext., has returned home from Salem City hospital.

Mrs. Dora O'Neil, W. Park ave. is ill.

O. E. S. Picnic Tuesday
The Eastern Star picnic is Tuesday.

Howard Groner, proprietor of the Rod & Gun shop, S. Main st., suffered a heart attack at his cottage, Sandy Lake, Canada, last week and will be confined in the St. Joseph's hospital at Peterborough, Canada, for a month.

Recent guests of Mr. and Mrs. Francis Wilhelm, Kirkland were Earl Newell and daughter, Francis and son; Mr. and Mrs. Jack Newell and family, Mr. and Mrs.

Richard Newell, and Mr. and Mrs. Clyde Douglass and family.

A guest in the home of Lucille Ritz this week is Larry Hughes of South Boro, Mass.

**Recalls How "Big Train"
Failed To Make A Team**

GOLDDENDALE, Wash.—Walter Johnson, the "big train" of major league baseball, may be an all-time all-America today but back in 1901 he failed to impress Goldendale baseball experts enough to land a job as a Sunday pitcher.

Johnson applied for a position with the semi-professional Goldendale team and was turned down without a trial, Robert Ballou, early day Klickitat baseball manager, recalled. Johnson then signed to play with a Weiser, Ida., club, where he alternated between pitching alfalfa hay and setting strike-out records.

**Ran Still To Feed
His Children, Claim**

WILLIAMSON, W. Va., July 11—(AP)—A 39-year-old Mingo county father of 10 children, charged with illegal operation of a whisky still, has been quoted by officers as saying he "turned to moonshining to feed his kids."

Dewey Matney of the coal mining community of War Eagle was

arrested in a raid by state liquor enforcement officers and Deputy Sheriff Arnold Lester. They said Matney had been unemployed.

A 16-gallon copper still was confiscated in the raid, at Belcher Hollow, near War Eagle, and Matney was picked up nearby.

Matney was arraigned before the U. S. Commissioner in Logan and was held for indictment by a federal grand jury.

RESCUE BABY BOY WHO FELL IN HOLE

New Jersey Family Thanks Volunteers Who Saved 10-Month Old Son

CAMDEN, N. J., July 11—(AP)—A baby toddling about the yard of his home tumbled into a narrow, 10-foot deep hole Saturday.

Ten-month-old Howard Morgan, Jr. was rescued, apparently unharmed, 90 minutes later. A hushed crowd of more than 100, remembering the Kathy Fiscus tragedy, watched the child's father lead the crew of volunteer rescuers.

Howard was brought to West Jersey hospital here and placed temporarily in an oxygen tent as a precautionary measure. He apparently suffered only a few scratches.

Firemen and volunteers dug a tunnel parallel to the hole to free the child. His mother, 19-year-old Mrs. Howard Morgan, told a reporter:

Praises Helpers

"It was wonderful the way total strangers worked to help save our child. I'll never be able to thank everyone enough."

For a time the accident in suburban Chews Landing stirred memories of the tragic death of little Kathy Fiscus who fell into an abandoned well in California April 8. Hundreds of men worked for 52 hours in a vain effort to rescue her.

The boy's father had dug the hole, about a foot wide, to bring electric wiring into the family bungalow in the little community across the Delaware river from Philadelphia.

Working in the yard this morning, he placed a board over the hole. Then he left for a few moments and somehow the board was dislodged.

Howard and his brother 2, had been playing in the yard. Shortly after 10 a. m. Mrs. Morgan looked for him.

"I saw Howard in the hole, crying," she said. "Only his head was above the ground. As I ran to get him he slid down into it."

A police radio called for aid. Even before workers arrived the frantic father was clawing at the

ground with his bare hands in an attempt to reach the boy.

Slightly more than an hour later the parallel tunnel was completed and with great care the rescuers dug into the hole to release the trapped child.

VACANCIES EXIST AT LEETONIA HIGH

Five Resignations, One Leave of Absence Are Announced

LEETONIA, July 11—Five resignations and a leave of absence have been accepted by the board of education, according to Curtis Allison, who is acting superintendent in the absence of Supt. of Schools F. R. Narragon, who is vacationing in Florida.

Mrs. Joseph Justice, first grade teacher at the North Side school, has been granted a year's leave of absence due to ill health. Miss Evelyn Chapman, whose home is at Georgetown, Pa., high school history teacher; Miss Louise Hanna, R. D., Lisbon, English and Spanish teacher; Miss Virginia Snyder of Salem, girls physical education; Miss Zada Farmer, junior high teacher, who was a June bride of Clarence Crosser of Lisbon, and Mrs. Lebotsky, fourth grade teacher at Washingtonville, have submitted their resignations.

Miss Snyder plans to teach in California this fall. This summer she is serving as supervisor at a summer camp in Maine. Plans of the other teachers who have resigned are not known.

Miss Myra Amstutz of Damas will replace Miss Snyder in the girls' physical education department. She taught at Beloit the past year. Olin King, a recent graduate of Mt. Union college, will replace Miss Chapman in the history department; Miss Ruth Ann Chamberlain of Kent State university, will teach in first and second grade at the North Side school in the vacancy created by Mrs. Justice's leave of absence.

Carl A. Wilson of Mt. Union college, will replace Mrs. Crosser in the Junior High. Last year, Mr. Wilson was the Junior High football coach and will assist Coach Harold Morrow and Assistant Andrew Mruzik in the coaching department.

Vacancies still exist in the English and Spanish departments and the fourth grade teacher at the Washingtonville building. Mrs. Harold Morrow, who served as secretary in the superintendent's office, has resigned and that place also is to be filled.

Rev. J. M. Armbruster, who has served as a missionary at Buenos Aires, Argentina, for 25 years, spoke at St. Paul's Lutheran church Sunday. He and Rev. T. P. Laugher, pastor of St. Paul's, were classmates at Wittenberg college.

Miss Amelia Weidmayer is visiting her brother and sister-in-law, Mr. and Mrs. Fred W. Weidmayer at Orlando, Fla.

Boy's Carving On Fence Solves Hit-Skip Case

LEWISTOWN, Pa.—The curiosity of a 15-year-old boy who carved an automobile license on a fence is credited by police for the arrest of a hit-and-run driver.

The boy idly carved the number of a damaged car he saw parked on a street. He reported it to police the next day when he read an appeal for whereabouts of the driver.

Using the tip, State Trooper J. S. Valent arrested Russell W. Pecht, unemployed silk mill worker. Pecht admitted driving the car which sideswiped another operated by Miss Anne Morgan.

BUILDING RATE HIGH; NEARS '48 RECORD OUTPUT

343,400 Houses Added To Supply Since Jan. 1, 1949

Any vestige of doubt that the American home building industry is the strongest and most vital in the world should be removed by the production record hung up covering the first five months of this year, according to Frank W. Cortright, executive president of the National Association of Home Builders.

Citing figures recently published by the Bureau of Home Statistics of the U. S. Department of Labor, Cortright pointed out that the 343,400 new homes begun since Jan. 1 are only about 10 per cent behind the same period for 1948 when a record number of homes were added to the housing supply. The total for the month of May alone was 95,000 or 5 per cent under the banner 100,300 units put up in May 1948.

"In spite of many difficult post-war problems the home building industry has continued its forward march of production to meet America's needs," declared Cortright. "As always the merchant builder has responded to the demands of the home buying public."

"Soothsaying experts without practical knowledge or experience were predicting the downfall of operative home building at the beginning of this year. They pointed to the difficulty in obtaining both sales and interim construction financing. They noted the downturned cost of a few items which go into the home and asserted that home builders would be caught in between public misconception of lower prices and constantly rising labor and construction costs."

Social Housing

"Another straw in the wind which the advocates of socialized

BUGS BUNNY

BLONDIE

BOOTS AND HER BUDDIES

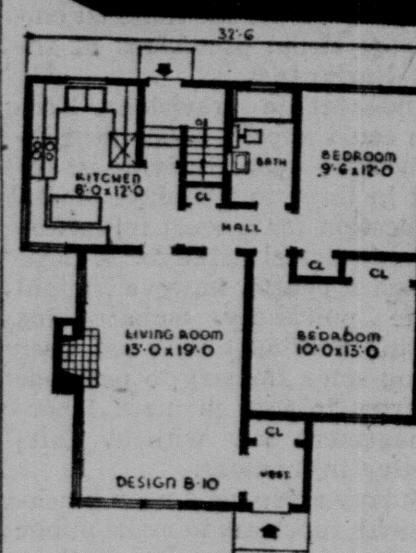

CAPTAIN EASY

THE GUMPS

PLANS FEATURE VENTILATION-HALL

THE BUELL has a plan which provides for two bedrooms. There is pleasant cross-ventilation throughout every one of The Buell's rooms. And there is easy access to all rooms in the compact house from one small hall. This is a convenient feature not often possible to obtain in a small

house such as The Buell. The Buell's modern kitchen is efficiently arranged to save steps while preparing a meal. It has a convenient built-in hinged seat at one end. And there are corner windows that provide bright and cheerful kitchen-dining areas.

The Buell's two bedrooms are of medium size. Wall space is generous in each of the two bedrooms. This allows ample area for the placement of furniture.

The exterior walls of The Buell are constructed of frame with siding. The roof lines are low, giving the house a modern appearance.

Overall dimensions of The Buell are 32 feet 6 inches by 32 feet, 6 inches. The house contains an area of 899 square feet and a volume of 17,519 cubic feet.

For further information about THE BUELL, write the Small House Planning Bureau, St. Cloud, Minn.

has doubled. The home buyer gets the brunt of labor's wage demands. In every phase of the building process from the time the raw material enters the factory, through the shipping of hundreds of items to various distributors and to the actual process of putting up the home, costs have greatly increased, as in other things. Naturally the pre-war price tag can never be hung on the new home.

"It's a generally healthy picture, except for the public housing menace. More and more new homes will continue to come on the market. There will be homes

gets today is greater than before the war. Dollar for dollar the home owner gets more home for his money. He is making more today and his wages on the average have risen well above the rate of housing cost increases. It takes far fewer weeks wages to buy a home now than in 1939.

During the first five months of this year, awards totaled \$174,146,000 or 11 per cent more than in the corresponding period of last year. The gains were in non-residential work, the five-month total of \$97,450,000, being up 38 per cent over the same five-month

period of last year, while residential awards dipped 11 per cent to \$51,354,000 and heavy engineering awards fell off 9 per cent to a total of \$25,340,000.

F. W. Dodge Corporation reported that by the end of May the dollar valuation of contracts awarded this year in the thirty-seven states east of the Rocky Mountains for building and construction by public agencies was running at a level 19 per cent higher than in the corresponding five months of last year while private contracts were down 20 per cent in the period.

Public-account work of all descriptions in the eastern states had a contract valuation in the January-May period of \$1,380,812, against \$1,160,560,000 in the corresponding five months of last

year. Private-account work con-

tracts declined from \$2,671,047,000

to \$2,141,180,000 in the same pe-

riod.

year. Private-account work con-

tracts declined from \$2,671,047,000

to \$2,141,180,000 in the same pe-

riod.

When you make a supper salad using leftover cold meat mound it on a serving plate and frost with a thin layer of mayonnaise; sprinkle the topping with finely minced parsley, and decorate with strips of pimento if you like.

The first public showing of a recorded sound motion picture was at Schenectady, N. Y., in 1927.

Bums Doing It Hard Way--Have No Great Pitching Staff

Depend On Top Infield And Offensive Punch Led By Jackie Robinson

By RALPH RODEN

Associated Press Sports Writer

Pennants are won by great pitching staffs—but the Brooklyn Dodgers haven't one. So they are basing their hopes on a crack-jack infield—Gil Hodges, Jackie Robinson, Pee Wee Reese and Billy Cox.

Robinson especially is singled out as the man who is doing the most to keep the citizens of Flatbush happy. But the other three are contributing heavily to the cause.

Breaks Racing Mark In Dayton Program

DAYTON, July 11—(AP)—Troy Ruttman, a 22-year-old blond speedster from Ontario, Calif., set a new world's record for half-mile auto race tracks at the Funk speedway here yesterday. He made one lap in 20.91 seconds.

Ruttman took the feature, 20-lap race, finishing a half lap ahead of Jackie Holmes of Indianapolis.

Rex Mays, veteran driver from Glendale, Calif., escaped serious injury in a crash which occurred as he was warming up for the feature event. A steering rod of his car snapped as Mays was going into a turn. The car went through a retaining wall and over an embankment. It was demolished.

Mays was thrown clear. He was treated for minor leg injuries at St. Elizabeth's hospital and released.

Things Looking Up, Tribe In Second, Hitting Strong

DAYTON, July 11—(AP)—Things are looking up for the Cleveland Indians in a number of ways.

A defeat would have dropped the Indians into second place as the runner-up St. Louis Cardinals scored a double triumph over the Reds in Cincinnati to cut the Brooklyn advantage to a half game.

Harry (The Cat) Brecheen pitched the Red Birds to a 4-2 triumph in the opener and Lefty Al Brazle, with help in the ninth from Gerry Staley, downed the Reds, 7-4, in the final.

The last place Chicago Cubs smashed Pittsburgh's eight-game winning streak, blasting the Pirates, 8-6 and 9-6, at Forbes field.

Phil Cavarretta was the batting star in the opener, driving home five runs on a pair of triples, a double and single in the first game and a two run homer in the second. Ralph Kiner socked two four-baggers for the Pirates to increase his total to 23, best in the majors.

Rain postponed a game between the Boston Braves and Phils at Philadelphia and a doubleheader between the Yankees and Washington at New York.

Bob Feller received credit for a 7-4 Cleveland triumph over the St. Louis Browns in a game that was called at the end of six innings because of rain. The second game was postponed.

Jackie Graham drove home all of the St. Louis runs with a pair of homers. His 14th and 15th of the season. The victory moved the Indians to within five and one-half games of the Yanks.

The Boston Red Sox took a doubleheader from the Philadelphia Athletics, 8-5 and 11-10, to stretch their winning streak to seven games.

Dom DiMaggio decided the first game with a three-run home run in the fourth inning. Sam Chapman clouted two homers and Hank Majeski one off Ellis Kinder for Philadelphia.

The second game was called because of darkness after the Philadelphia half of the eighth. Manager Connie Mack notified plate Umpire Cal Hubbard he would protest the ruling.

Detroit and Chicago split a pair, the White Sox taking the opener, 4-2, and the Tigers the nightcap, 1-0, although held to two hits by Randy Gumpert.

Lefty Bill Wight held the Tigers to five blows in beating Hal Newhouser. Gumpert walked Pat Mullins in the first inning and then yielded a run-scoring double to Dick Wertz. Art Houtteman held the Sox to four singles.

Both teams hit well, Carrollton getting 13 and Althouse's 10.

Pukalski, Buckholdt, Cope Tie In Weekend Golf Event

A three-way tie between Eddie Pukalski, Fred Cope and Bob Buckholdt featured the play in the full handicap medal play tournament at the Salem Golf Club over the weekend.

The trio topped the Class A golfers, ending up, after handicap allowance, with even 70's. Harvey Walken, who shot 86, minus 20 handicap, won the B flight.

Pukalski fired a 79 on a 37-42 to tie with Buckholdt, 79, and Fred Cope's 83. Buckholdt and Pukalski each carry nine handicap and Cope has 13.

The other winners in the B flight, behind Walken were Dick Sekely 83-15-68 and Jimmie Kelvey, 86-16-70.

Another major tourney opens this week as the first round matches of the annual Presidents' cup event get under way.

LINK NOTES . . . For some reason the play Saturday was not as "hot" from a scoring angle as we were.
